

Predictable Growth

Helps B2B companies **Assess, Plan, and Execute Revenue**

— powered by AI.

GROWTH ENABLER

AI-POWERED

B2B SAAS

The Problem Is Hiding in Plain Sight

Most B2B revenue teams are flying blind — stitching together guesswork, spreadsheets, and gut feel.

No Pipeline Math

Teams don't know how much pipeline they actually need to hit targets

Isolated Planning

Growth initiatives launched without data-backed prioritization

Zero Visibility

No real-time view of pipeline health, coverage gaps, or close rate risk

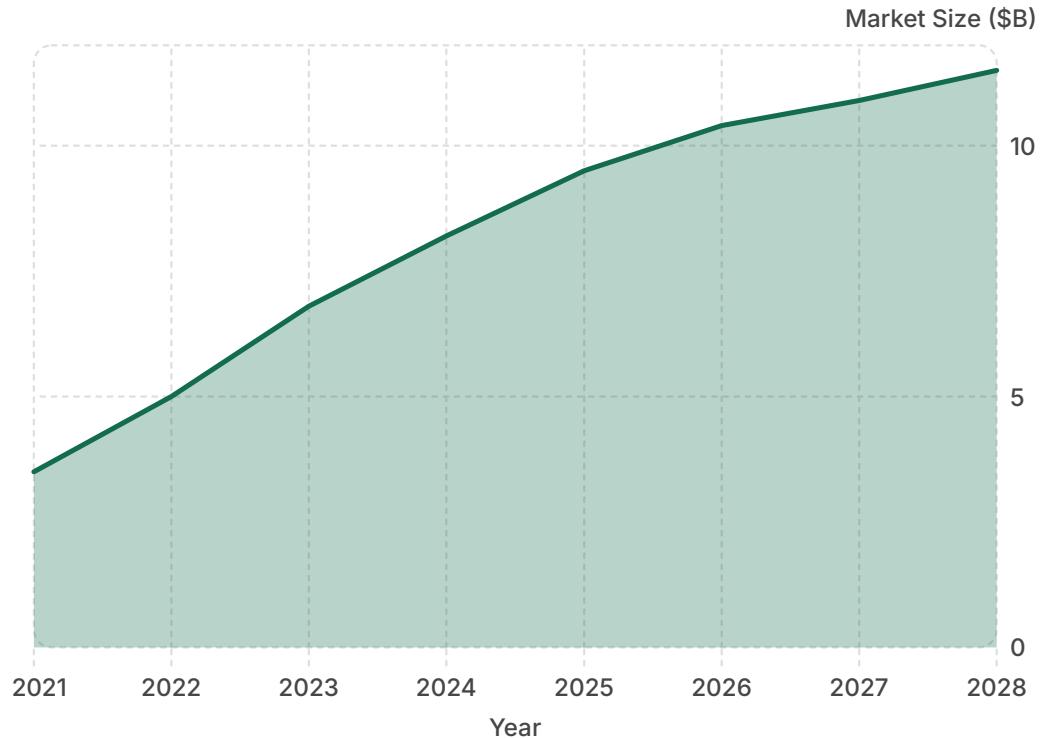

Static Forecasts

Annual spreadsheet plans that are outdated the moment they're finished

Consultant Dependency

Companies spend \$50K+ just to get insights they should have continuously

A **\$11B+** Market — and Growing

Sales Enablement Market Projection

The global Sales Enablement market is on track to surpass **\$11B by 2028** — driven by demand for AI-powered commercial intelligence.

Source: 360iResearch, Sales Enablement Software Market Global Forecast, 2026. Market valued at \$5.62B in 2025, projected to reach \$11.48B by 2032 at 10.73% CAGR.

Demand Signal

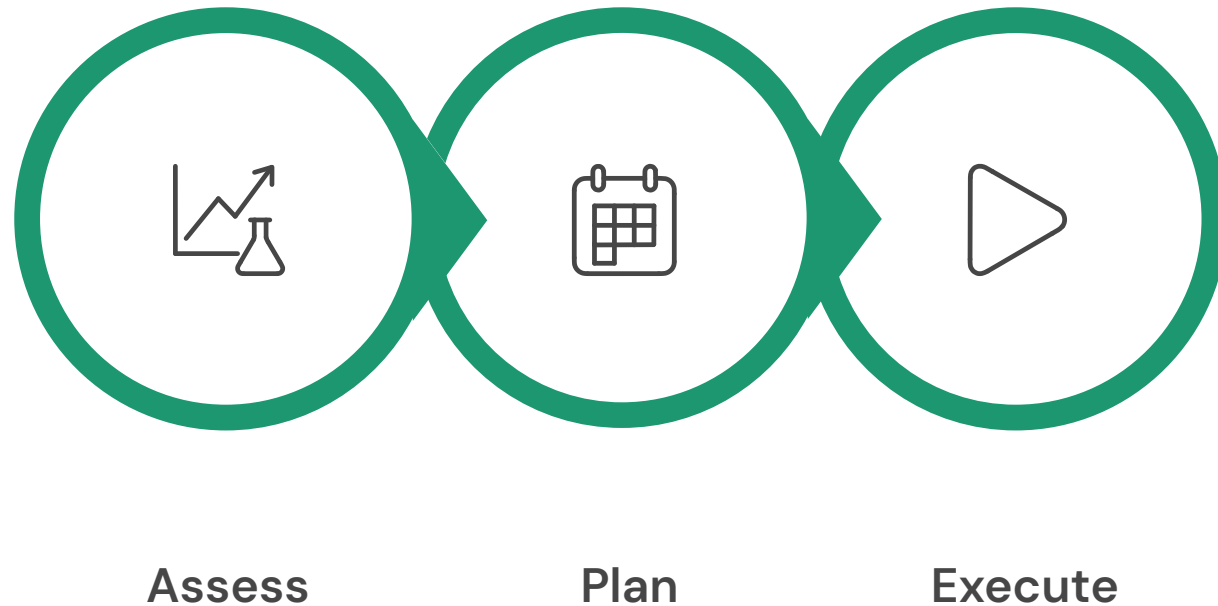

B2B orgs investing in RevOps infrastructure at record pace. Most of the time IT driven leaving a process debt

Underserved SMB

Consulting-grade insight has been locked behind \$50K+ engagements

One Platform. Three Motions.

The **Assess** → **Plan** → **Execute** loop — fully integrated, no data silos.

Each stage feeds directly into the next — assessment scores power planning tools, which drive live execution tracking. No spreadsheets. No consultants. No lag.
